The information contained herein is only a brief description of the product and is not exhaustive. Refer to the policy document for the full terms and conditions applicable. Regulated by the Insurance Regulatory Authority.

We all want the best for our children. We want them to achieve their goals and dreams. That is why it is important that we start planning early to secure their path towards those dreams.

What is an Education Insurance Policy?

It is a type of insurance solution that can be used to save money for your child's education. It ensures that your children's education is taken care of whether you are present or not.

Who should get an Education Insurance Policy?

Anyone who wants to protect their child's education against uncertainties in life. We know you value the investment you are already making in your child's education. If you want to ensure that it is not interrupted, then an education plan is for you. It will enable you to put a little money aside and smartly save up for your child's education whether or not you are there.

5 great reasons to get a Britam Education insurance policy.

1

Protecting their future: Sometimes, unfortunate circumstances may lead to depletion of your savings or make it impossible for you to continue providing for your children. To protect them against this, get the right education policy for their future.

2

Managing the cost of education: You already know that education can be expensive and we expect it to get even more costly in the future. An education policy is a smart way to save for that expensive phase of your child's education.

What should I consider when getting an Education policy?

1. The projected future cost of your child's education.
2. Your child's age and the time you have.
3. How much you can afford to put aside.
4. The best type of insurance that suits your need.

3

Growing your money: The investment you put aside earns interest ensuring that you end up paying less over the long run.

4

Protecting your investment: In case of your absence, the policies are designed to ensure that your children will continue getting the quality education you had planned for them.

5

A heritage of trust: For over 50 years, Britam education policies have enabled parents to plan and successfully execute their children's education journeys. Start today and be one of our many success stories.

What types of Education policies does Britam have?

We have 4 main policies that are designed to fit your unique needs and the education stage your child is currently at.

1. Boresha Elimu is an education planning solution that has been designed in line with the 2-6-6-3 education system to meet future education expenses for your child. It also provides a Life Insurance cover for you who is taking up the plan. It offers guaranteed cash payouts that match the school fees amount and these payouts are made in the last two years before the policy reaches its termination age. You also receive a guaranteed lump sum amount at the end of the policy duration. **The policy duration for this plan is between 6 years and 18 years.**

2. Msingi Poa is an education planning solution designed to meet future education expenses for your child as well as a Life Insurance cover for the parent taking the policy. This secures your child's education whether or not you are there to provide for them. It offers guaranteed cash payouts that coincide with school fee payments in the last three years before the policy reaches its termination age. You also receive a guaranteed lump sum amount at the end of the policy duration. **The policy duration for this plan is between 8 years and 22 years.**

3. Elimu Bora is an education planning solution that combines insurance protection and savings, enabling you to prepare for the cost of your

child's education as well as putting some money aside for your future. It has been designed specifically to provide funds for your child's fees while in secondary school and a lump sum amount at the point of joining university. This plan provides for a death cover as a percentage of the insured amount at inception of the policy and increases up to 100% of the insured amount after the fifth year of the policy. **It enables you to save for a minimum of 7 years and a maximum of 18 years.**

4. Super E is indeed a super education planning solution designed to meet the future education expenses for your child as well as a Life Insurance cover, Disability Insurance and Critical Illness Insurance for you. The plan ensures that your child's education is secure whether or not you are there to provide for them. It offers you annual guaranteed cash payouts that coincide with school fee payments for the last six years before the policy reaches its termination age. You also receive a guaranteed lump sum amount at the end of the policy duration. **The policy duration for this plan is between 10 years and 25 years.**
